THE CUTTING EDGE OF UNIFORM DESIGN

Through advanced technologies and innovative design, Elbeco uniforms solve job-specific challenges while also enhancing performance, protection, comfort and durability.

Stretch Fabric

Made for the occupational athlete, our stretch fabric increases range of motion, agility and comfort, allowing you to perform your daily duties at the highest possible level.

3-in-1 System

Designed for maximum versatility, our 3-in-1 system allows you to mix, match and combine outerwear options for enhanced protection and performance in any weather.

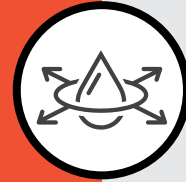

Custom Women's Fit

Designed by women for women, our women's fits include added enhancements that provide exceptional comfort, fit, performance and professionalism.

NANO FLUID REPELLENCY

A permanent fiber technology that won't wear out or wash away, it effectively repels fluids, which bead up and roll off the fabric to keep you dry and comfortable in any situation.

NANO MOISTURE WICKING

Engineered at the fiber level for permanent performance that lasts the life of the garment, Nano moisture wicking technology pulls fluids away from the skin and evaporates off the fabric for quick-dry comfort.

UV PROTECTION

Excessive exposure to sunlight is harmful to you and your uniform. Our UV40+ protection offers your skin a front-line defense against the sun while also preventing the fabric from fading.

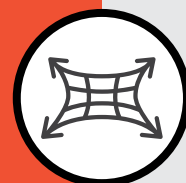

ANTI-MICROBIAL

Our advanced anti-microbial technology reduces the accumulation of bacteria that cause odor to keep the fabric fresher longer and prolong the life of your uniform.

HYDRO-TECH

The job doesn't pause for weather. This windproof, waterproof, and breathable membrane provides exceptional comfort and performance no matter the conditions.

STRETCH

Made for the occupational athlete, our stretch fabric increases range of motion, agility, and comfort, allowing you to perform your daily duties at the highest possible level.

3-IN-1 SYSTEM

Designed for maximum versatility, our 3-in-1 system allows you to mix, match and combine outerwear options for enhanced protection and performance in any weather.

HEAT TRANSFER

Heat transfer embellishments are available on the majority of our stock products – polos, shirts, vests, jackets, and panels – customized to your requirements.

EMBLEM PLACEMENT

With our new automatic emblem attachment machine, emblems are placed securely and consistently every time. Each placement is laser guided to ensure the results you require.

EMBROIDERY

Logos and text can be embroidered onto the majority of our products with consistent and professional results every time.

TAILORING & HEMMING

Elbeco's team of experienced industrial sewers hem and customize garments to meet all of our customers' needs with professional and timely service.

CERTIFIED UNIFORMS

NFPA-CERTIFIED UNIFORMS DESIGNED FOR COMFORT & BUILT TO LAST

The underlying purpose of NFPA 1970 is to provide uniforms that are thermally stable and do not contribute to burn injury severity. Our NFPA 1970-compliant uniforms are made with fabrics, pocketing, labels, waistbands, zipper tape, and sewn with thread, all certified to meet this requirement. LION's range of Elbeco Certified Uniforms are independently audited and certified.

With LION's range of Elbeco Certified Uniforms, you get:

- Available in Nomex® IIIA, TenCate TecaSafe®, and 100% Cotton
- Designs with features that facilitate job performance
- Construction and reinforcements that meet the challenges of your job head on
- Wicking fabrics that transport sweat away from the body and toward the bunker gear's breathable moisture barrier

LIFETIME WARRANTY: All LION's Elbeco certified uniform products are warranted to be free from defects in material and workmanship for the life of the garment.

Contact your LION uniform sales representative for more information on certified uniforms.

CERTIFIED UNIFORMS

HEROGUARD™ CERTIFIED UNIFORMS

HeroGuard certified uniforms are specifically designed for the unique needs of professional firefighters and paramedics, striking an ideal balance between safety, durability, and comfort. Made with industry-renowned, flame-resistant Nomex® IIIA fabric, these uniforms meet the NFPA 1970 standards for protective wear, offering superior safety in the face of fire-related hazards. HeroGuard uniforms will endure frequent washing and wear without losing their protective qualities. HeroGuard uniforms are packed with innovative and functional features to keep you ready for whatever the job throws your way.

- Shirt Fabric: 93% Nomex/5% Kevlar/2% Static Dissipative Fiber | Weight: 4.5 oz./sq. yard
- Pant Fabric: 93% Nomex/5% Kevlar/2% Static Dissipative Fiber | Weight: 6.5 oz./sq. yard
- Heavyweight Pant Fabric: 93% Nomex/5% Kevlar/2% Static Dissipative Fiber | Weight: 7.5 oz./sq. yard
- Nomex fabric self-extinguishes and is inherently flame-resistant, meaning fabric won't melt, drip, or support combustion in air
- FR qualities remain throughout life of garment, meaning it won't wash or wear out
- Low fabric shrinkage during flame exposure reduces skin contact with hot fabric
- Enhanced fit and updated cuts make these uniforms more comfortable than previous styles
- Additional pockets increase functionality of your uniform
- Gusseted crotch improves durability and range of motion
- Men's pants feature covert flex waistband that provides 2" stretch
- Women's pants feature contoured waistband with side elastic for personal fit
- NFPA-compliant FR Nomex fabric offers extra protection as part of your PPE system
- Estimated wear life: Four years

CERTIFIED UNIFORMS

HEROSHIELD™ CERTIFIED UNIFORMS

HeroShield 100% Cotton Uniforms are designed for activities performed by professional firefighters. HeroShield uniforms add comfort to your personal protective ensemble. These NFPA 1970-compliant uniform shirts and pants feature enhancements for improved comfort and functionality. Untreated cotton ignites and burns quickly, but doesn't melt, making it safer than non-certified fabrics.

- Shirt Fabric: 100% Cotton | Weight: 6 oz./sq. yard
- Pant Fabric: 100% Cotton | Weight: 8.5 oz./sq. yard
- 1970 NFPA-compliant FR cotton fabric is thermally stable and does not affect burn injury severity
- Advanced moisture management for all-day performance
- May be considered where critical static control is required
- Enhanced fit and updated cuts make these uniforms more comfortable than previous styles
- Additional pockets increase functionality of your uniform
- Gusseted crotch improves durability and range of motion
- Men's pants feature covert flex waistband that provides 2" stretch
- Women's pants feature contoured waistband with side elastic for personal fit
- Estimated wear life: One year

STRETCH RIPSTOP

NEW

UFX™ BOLD SHIRTS & PANTS

Engineered for professionals who demand durability and comfort without compromise, our new UFX Bold uniforms combine advanced stretch RipStop fabric with 50% Nylon for superior abrasion resistance, flexibility, and long-lasting wear. Wrinkle-resistant and breathable, these uniforms feature underarm mesh vents for better airflow and a smooth neckline for irritation-free layering. Pants feature a stretch waistband to enhance mobility, while reinforced pockets and silent magnetic closures on cargo pockets ensure secure, mission-ready storage. Soft yet tough, these uniforms will keep you ready for any job.

- Shirt and Pant Fabrics: 50% Nylon/47% Cotton/3% Spandex
Weight: 5.9 oz./sq. yard
- Tough stretch RipStop with 50% Nylon delivers enhanced flexibility and abrasion resistance
- Choose classic button collar and cuffs or modern mock neck with stealth zipper, chin guard, and adjustable cuffs
- Shirt body features Nano wicking technology pulls moisture away from body, while mesh vents enhance airflow and temperature control
- Smooth neckline reduces friction and irritation for next-to-skin comfort
- Integrated wire access allows seamless routing of communication gear, keeping wires secure
- Stretch waistband adapts for comfortable fit, while reinforced back belt loop distributes tension and stabilizes gear
- Gusseted crotch supports unrestricted movement
- Pants feature internal knee pad pockets, optimizing comfort in challenging conditions
- Pants feature reinforced knife pockets, glove pockets, and angled cargo pockets with silent MagneTite™ closures to secure gear
- Colorfast for long-lasting wear and a clean look
- Shirts available in regular and tall sizes

CX360™ POLYESTER DRESS UNIFORMS

Introducing the first-of-its-kind CX360 Stretch Polyester dress uniforms where refined style meets activewear-inspired stretch and mobility. Engineered with innovative stretch fabric, this single-breasted blousecoat moves with you throughout your day, offering enhanced flexibility, all-day comfort, and effortless sophistication. Whether you're in motion or in meetings, this garment flexes to fit your lifestyle, delivering a polished look without compromising on performance.

- Blousecoat and Pant Fabrics: 100% Polyester with 16% 4-Way Stretch
Weight: 6.5 oz./sq. yard
- Stretch capabilities in both lining and outer shell deliver superior freedom of movement and all-day comfort in back and upper arms
- Nano fluid repellency technology resists liquids and stains on contact, helping your uniform stay cleaner longer
- Comes with silver "FD" 4-button front configuration with option to change to gold buttons or add cuff buttons in "P," "FD," or "S" insignia
- Blousecoats are fully lined, featuring two interior chest pockets and two false bottom flaps, badge tabs, epaulets, sweat shields, and includes protective garment bag
- Pants feature gusseted crotch, 2 back pockets with extra-deep quarter-top front pockets and stretch waistband with snap closure for improved mobility, fit and function
- Make this dress uniform yours with customizable emblems, braid accents, and extra pocket and pocket flap configurations

PRESTIGE™ WOOL BLEND DRESS UNIFORMS

Combining exceptional construction, comfort and design, the Prestige wool-blended dress uniforms cut an impressive figure. Made from a premium worsted wool blend, blousecoats are available in single-breasted and double-breasted styles with coordinating pants.

- Blousecoat and Pant Fabrics: 55% Polyester/45% Worsted Wool, 2-Ply Serge Weave Weight: 8.5 oz./sq. yard
- Blousecoats come fully satin lined with shoulder pads, featuring two interior chest pockets, lined peak lapels, badge tabs, epaulets, sweat shields, and protective garment bag
- Pants have triple-stitched crotch, double-ply crotch lining, and bar-tacks at key stress points to provide added comfort and durability
- Pants have flex waistband integrated with Elbeco's Gripper Strip to keep shirts tucked in, two back pockets and extra-deep quarter-top front pockets
- Make this dress uniform yours with customizable emblems, braid accents, and extra pocket and pocket flap configurations

SINGLE-BREASTED STYLE

- Comes with silver "FD" 4-button front configuration with option to change to gold buttons or add cuff buttons in "P," "FD," or "S" insignia
- Features two cuff buttons on each sleeve for polished finish along with integrated badge tabs for professional functionality

DOUBLE-BREASTED STYLE

MIDNIGHT NAVY

- Customizable buttons, buttonholes and cuff options available, offering 6, 8, 10, or 12 button configurations for personalized finish
- Accommodates three to six buttons per vertical row
- Features straight decorative pocket flaps on lower front for added style

NAVAL NAVY NEW

- Comes in silver "FD" 6-button configuration
- Features peak collar lapel, interior pockets, left chest pocket, two lower hand pockets, and dedicated challenge coin pocket for tradition and pride

VEST CARRIER

Vest Carrier

BODYSHIELD™ EXTERNAL VEST CARRIER

The V4 BodyShield External Vest Carrier allows you to wear a ballistic vest over your uniform for maximum comfort and accessibility while remaining virtually invisible to the untrained eye. Anti-microbial technology in the lining and neck opening prevents the buildup of odor-causing bacteria, and multiple pockets and available pouches allow for customizable storage options.

SKU	GENDER	COLOR	STYLE
V4114B	UNISEX	MIDNIGHT NAVY	VEST CARRIER
V4110B	UNISEX	BLACK	VEST CARRIER
V4112B	UNISEX	TAN	VEST CARRIER

- Shell Fabric: 600 Denier Syntex 100% Polyester Plain Weave
Weight: 7.2 oz./sq. yard
- Lining Fabric: 65% Polyester/35% Cotton Twill Weave
Weight: 5.5 oz./sq. yard
- Anti-microbial technology in the lining and neck opening and UPF 50 protection extended life of the vest
- Factory certified, this vest is designed to house any manufacturer's body armor
- Addition of 2" knit elastic extension to end of each front side panel provides extra range of motion while relieving direct stress on reinforced Fast-Lock closure
- Zipper openings on inside for easy insertion of ballistic panels
- Large covert document pocket, dual-access chest pockets with pencil compartment in left pocket, and zipper opening on front placket with camera mount tab provide functional storage
- Available in regular, short, long, and extra-long sizes

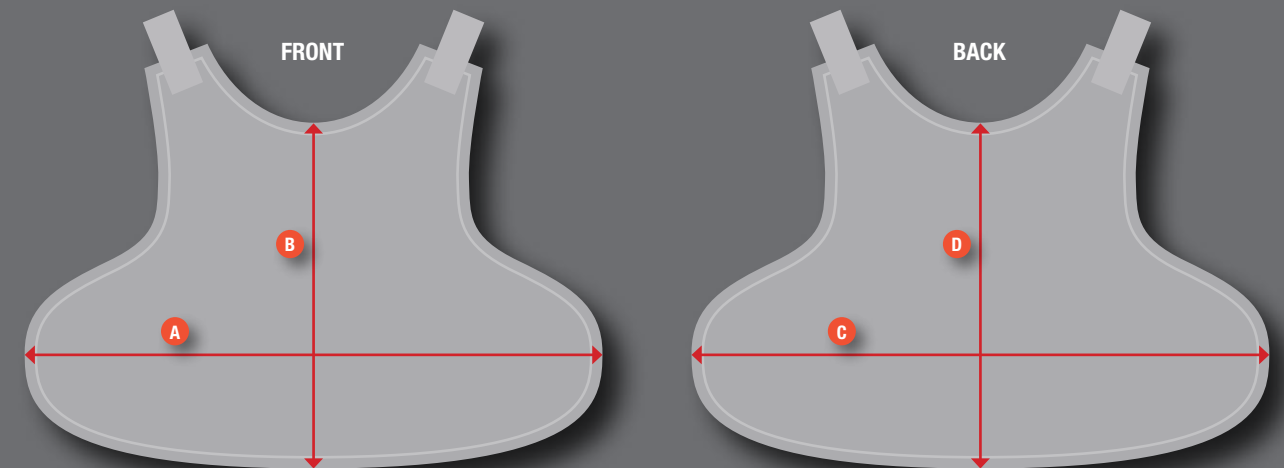

VEST CARRIER FIT GUIDE

FIT GUIDE FOR EXTERNAL VEST CARRIER

This chart is meant to be used as a guide in determining suitable size options available & should not replace an actual garment fitting. Upon receipt of the garment, we recommend that it be tried on by the intended wearer to ensure proper fit prior to making any alterations.

We recommend keeping the ballistic panels inside the panel carrier when measuring. Keep tape straight, but not tight. Measure the full amount of both the ballistic panels and the excess fabric bulk created by the panel carrier.

- A FRONT PANEL WIDTH:** With the cloth tape measure, measure the ballistic carrier at the widest point of the body of the front panel. This point should fall between the bottom of the armhole & the waistline of the carrier.
- B FRONT PANEL HEIGHT:** With the cloth tape measure, measure the front height of the ballistic carrier from the center front neckline to the waistline.
- C BACK PANEL WIDTH:** With the cloth tape measure, measure the ballistic carrier at the widest point of the body of the front panel. This point should fall between the bottom of the armhole & the waistline of the carrier.
- D BACK PANEL HEIGHT:** With the cloth tape measure, measure the front height of the ballistic carrier from the center front neckline to the waistline.

SHIELD™ HI VIS REVERSIBLE JACKET

Stay dry, warm, agile, and visible no matter the conditions. This reversible jacket has a poly RipStop shell loaded with innovative features for enhanced performance, protection, and comfort. This jacket quickly reverses to a Hi Vis micro-fleece soft shell for ANSI-certified nighttime and low light visibility safety.

- Navy Side Fabric: 100% Polyester Mini Ripstop Weight 4.0 oz./sq. yard
- Hi Vis Side Fabric: 2-Way Stretch Micro-fleece 96% Polyester/4% Spandex shell | Weight 7.6 oz./sq. yard
- Hi Vis side is ANSI Type P Class 2 Certified and eligible for Homeland Security and Fire Act grant programs as PPE
- Two-way stretch fabric offers enhanced range of motion
- Dual concealed carry/utility chest pockets with magnet closures offer quick access
- Large fleece-lined hand warmer pockets with zipper closures and D-ring
- Available in regular, short, and long sizes
